

Cancon has now webpages!

We are proud to announce that Cancon webpages are now open. All the material about Cancon will be published on the pages. At the website you can download for example Cancon logos and the PowerPoint template at [Tools section](#). Do send us feedback about the website, and also other ideas are welcome!

Are you new to Cancon? Cancon will help to decrease cancer mortality in different ways in the EU. You can find more information about us at [Who we are section](#).

We are open for collaboration

Cancon has 9 work packages, which seek to fulfill specific objectives including prevention, early detection, care and survivorship. If you are interested to become a collaborating partner, please contact the [work packages](#) directly.

At the first [Stakeholder forum](#) of Cancon's [collaborating partners](#) each work package presented their aims for the stakeholders.

Lowering barriers in implementing effective screening programmes

- The biggest challenges of the cancer screening package are the wide variation across EU in the implementation and organisation of screening, says **Ahti Anttila**, leader of the Cancon work package 9 Screening from the Cancer Society of Finland.
